MWR services are a non-issue on Ft. Myer as far as I know. They don't exist. We used to rent boat's,outboard motor's, canoe's, tent's, etc., none of the equipment is available anymore. Ft. Belvoir and Andrew's AFB are too expensive to play golf anymore. I can't find R.V.'s anywhere nearby, I have seen them with Ft. Bragg and Navy tags. If MWR would provide affordable services, I believe that soldiers would use them.

I am in the Navy Reserve and use the post for shopping at the commissary, PX and recreation services such as the bowling alley, fitness center and picnic areas. The staff at Ft Myer MWR is always, professional, friendly and helpful. I would like to take advantage of more of the opportunities offered by MWR on the base but, cannot do to outside commitments of family and job. My last command was at the Pentagon from 2001 through 2003. I had a young Army Specialist who worked for me and had some significant financial and family issues from a particularly ugly divorce. Many of the services provided by ACS and family support really made the difference in helping this young Soldier continue to make a positive contribution to the Army and allowed her to continue in her career. Again the folks at Ft. Myer showed that the Army cares about its people. I am proud to say that my son is now on his way to West Point in the class of 2009. Thank you for all you do. V/R EMCS(SS) Barrett E. Weiser, US Navy soon to be retired.

ACS Concerns McNair does not have any of above

Overall Comment

I live on Fort McNair so my input is very limited, as I have extremely limited services available to me and my family on Fort McNair. Most of the activities you have questioned me about we get from Bolling AFB which is closer, cheaper, and more user friendly, and extensive than Fort Myer. As an enlisted soldier living on a "General Officer" post, we are not allowed to use the Club on Fort McNair, though when I lived on Fort Meade, I was a club member and used it extensively. I also golfed on Fort Meade quite often. I now use Andrews AFB for my golfing because it is closer and less expensive than Fort Belvoir. Fort McNair has a pool, but it is not open. Fort McNair has a gym and weight room that I use in inclement weather only. Fort Myer is just not as convenient as Bolling AFB is to Fort McNair and the Army is more interested in making a profit than providing services to soldiers. Fort McNair is living proof of this. I have been told that the shoppette on Fort McNair has limited hours of operation because it did not turn a profit by being open longer hours and more days per week. The swimming pool on Fort McNair is not open because it is too expensive to operate, yet Fort Myer has now made its pool free of charge. Why is it that MWR can fund one and not the other? We residents of Fort McNair have all talked with one another and are willing to pay a fee to have our pool open, yet MWR is not interested. When I PCSd here my family stayed in Bolling AFB temporary lodging for less than 30.00 a night for a 2 bedroom apartment for a week. We then moved to temporary lodging at Fort Meade for a substandard, dirty, nasty motel room with two beds for about \$50.00 a night. Fort Belvoir says they have temporary lodging, but no one can seem to get into it. They always seem to be full. Fort Myer and Fort McNair do not advertise that they have it, if they do. Army MWR is all about the Benjamins. You are only interested in serving the soldier if you can turn a profit off of him/her. You know how to talk the talk, but have forgotten how to walk the walk.

There is clearly a double standard on Fort Myer when it comes to facilities. The Fort Myer Officer's Club is a beautiful facility, with excellent staff and food. The community club smells like mold, and you can see it if you look for it on the walls and the ceiling. The menu never changes, it is always the same tired old chicken, ribs or fish. There is no variety in entertainment at the community club, same DJ, same music, same night of the week. That results in the same patrons, week after week. I personally feel that the community club is poorly managed, which results in disparate treatment for the enlisted personnel and their families in the community. This "double standard" is actually one of the things I talk about as a reason why I will retire at 20 years. I am tired of being treated like a second class citizen. I will retire, then get a federal job, and as long as I am a GS-7 or above (not that hard to get), then I can become a member of the officer's club. Either get the community club cleaned up and offer some variety, both in food and entertainment, or close it down. It is currently a poorly managed, substandard facility.

The fitness center needs more scheduled upkeep/maintenance on facilities and equipment. They also need more towels -- enough so that every patron can use two towels per visit.

The auto craft shop needs more extended operationg hours.

There needs to be a fully equipped wood working shop. There was one at Fort Sheridan when I was there in the late 1980s, and it was well utilized -- much more so than these little picture framing shops I see today.

There needs to be more housing available on post for junior enlisted folks with families who can't afford decent housing within 30 miles from work. I see a lot of housing for SGMs, COLs, and GENs, all of whom can well afford to buy it elsewhere.

Employees and staff of many MWR activities seem to have a general lack of congeniality towards active duty patrons. Perhaps some training on how to give a smile and a "How are you?" would be in order. I expect nothing less from myself when greeting a stranger.

Other than that, everything is going quite well -- keep up the good work!!

I would like to see more information being brought to soldiers attention. It would be nice if there were more motivation put into getting that information out. The employees should be trying to play a more active role in our lives and jobs. We should see and know their faces. Not a lot of soldiers think about going to find these programs because we new soldiers dont know what to do and our leaders never took advantage when they were 1st started their careers. So, who knows all the information about these programs? I would like to see the Army community Center get more up to date equipment and make the atmosphere more comforetable then thay need to advertise it let soldiers know that these services are available. The library should get more assistance its already a great place that I use often. And I do not think that soldiers should have to pay to use the on-post pool. Thats is a whole lot of B.S. -PFC Christopher Sean Calhoun

On Fort Myer, there aren't places for soldiers to keep their recreational equipment. Not to long ago I had my ATV on a trailer. It was sitting out of the way and it was not interfering with any parking spaces, however it was brought to my attention that we couldn't have trailers on post. That is interesting to me because the ARMY is supposed to be supportive of the soldier's activities. Also there was no attempt to make any suggestions to where the trailer and ATV could be "legally" stored. I understand the fact that if there are too many trailers it may make the post look trashy but I still think that there should be a designated area where soldiers may store items like these. AND NOT ON FORT BELVOIR.

LOCATION!

Overall Comment

The ACS on Ft Myer should be relocated to a more central location. The area is not well marked, and inside the building is a serpentine making it hard to find the office you are looking for.

The Bowling Center & Food Services are great. Being NON-Smoking has been GREAT, except the smokers congregare at the front door. Menu items have chjanges recently, and the older items were prefered over the new ones.

The Car Wash at Fort Myer needs HELP! There is access for pressure washing, but, due to previous damage, it is no longer allowed. Equipment control/signouts from Auto Craft shop would make this better. Drainage is also an issue at this location. Valuable asset that needs to be fixed.

For me, one of the most important MWR activites offered is the ability to stay in military lodging while traveling with the family on vacation. We've stayed at Nag's Head, Virginia Beach, Niagara Falls, Pittsburgh, the Poconos, Carlisle, PA, Hershey Park, Columbus, OH and Chicago. Over the years there have probably some others that I'm forgetting.

Whenever we are going on vacation, military lodging availability factors into where we will go.

Overall, I feel that the MWR provides great services at a low cost to the soldiers and their families. However, I feel that in a major metropolitan area like the Military District of Washington, it is sometimes difficult to compete with the amount of cultural activities provided by off-post agencies. I use the MWR services because they are usually of exceptional quality and at a great value!!! We (the MWR) needs to think of a way to attract the younger soldier ("Generation X") and his/her families' interests!!

I think that MWR plays a huge role in the military life (I was active duty for 12 years and am now in the reserves (wife is still AD)). The reason we don't use them much is because we live so far away from post. If we lived on post, my ratings on this survey would be much different...I would have used the services much much more often. Even if we lived closer, we would use everything more often...but it's a 45 minute drive from our house which makes it inconvenient. But, don't let my survey take away benefits because they are very valuable services...especially to the folks on and near post.

I am a civilian employee of the Federal Government. Not with DOD. However I thoroughly enjoy my visits to Ft. Myers. My husband used to drive a potato chip company truck in his youth and delivered to Ft. Myers as part of his sales deliveries. My father is buried at Arlington National Cemetery and so I feel a real kinship with Ft. Myers and will miss my ability to be a member when I have to retire later this year. My son and I drop by on many weekends and get lunch there. I miss that I am not able to play golf over at Ft. McNair anymore since it is not offered as part of my officer's club membership. My son especially loved playing through the roadway. The ball rolled very far for him.

I have told many of my co-workers what a wonderful place the Ft. Myers officers club is and we have held several office get together's there. I have never had a bad meal and have always enjoyed the service provided. You all do a wonderful job. Many of the questions didn't apply to me and I don't know if I am eligible for many of the services that were asked about.

We have been guests at the bowling alley and if I thought I could get in on my own I would go and bring my son this summer.

Anyway the service men in the Army are very lucky to have these types of facilities and in light of their service for people like me and for our country I hope that their opinion of what they need for recreation is valued and listened to. We can't do too much for them and their families in my opinion.

I will miss but always will support the need for the facilities at Ft. Myers for those that serve.

My husband is a reservist in the Navy. We are attached to the Pentagon, but I shop at the Ft. Myer Commissary and Exchange. We have rented tables and chairs from MWR many times and vacationed at military installations last summer.

I am a clinical social worker with three children (stay at home now) and worked for three years as a deployment specialist at NFSC Norfolk.

It is ESSENTIAL to keep these activities in place for families, especially in the Washington DC area. It is incredibly expensive here! In order for families to feel comfortable and productive, it's important to have these services; especially in times of war. Families need the support! Keep up the good work.

My only suggestion is better discounts for events off post in this area.

Library is a vital resource for the personnel assigned to Ft Myer. It also provides significant service the retired community. Personnel are more than willing to help everyone and are much more responsive than the public library of the county. Staffing is woefully inadequate and tests the mettle of those assigned. if not for volunteers, much would be lost. The fitness center is in continuous use and provides for both active and retired personnel and dependents. It too is understaffed and routine maintenance is behind schedule. Cleanliness could be improved.

As a retiree, I use the fitness center on a regular basis. I also use the library and the pool(summer). In general the facilities are very good. The pool locker room and fitness center locker room are not always as clean and one might expect. The library is excellent but some periodicals I use were recently cut due to budget tightening. That was disappointing.

Need more info about ACS services - ACS does a lot of good things; the community needs to be continuously reminded of them.

Overall Comment

This survey is way too long to be taken on-line in one session. Suggest that it be broken into two (or more parts) and sent out at different times of the year.

For Forts Myer and Belvoir, the MWR does a fine job on its limited budget. Here are my 3 priority programs that I hope MWR does not reduce in operation:

1. The libraries on both posts are excellent and their staffs are truly wonderful, helpful people. At Myer, the staff has been especially super responsive to the requests and needs of my family members.
2. The bowling operations on both posts are very good and offer programs for the very young to the very old - bowling needs to stay.
3. Finally, the sports programs/gyms are really great, too.

Thanks for doing a super job for the 34 years I have used MWR facilities.

I am very concerned that the Ft. Myer Library is being underfunded significantly, as evidenced by the expiration of most magazine subscriptions and periodicals. I can not believe that the Army Times and other similar armed forces oriented publications are no longer found in the library. Please fund these periodicals and some magazines.

The only area that has been maintained current seems to be the DVD movie collection, which I understand is due to a couple of patrons who have donated over 150 DVD's in the past year.

The full-time staff and volunteers at the library are very knowledgeable and helpful; however, due to underfunding, the full-time staff seems to be burning-out with the long hours. Perhaps the library staff is also understaffed/underfunded(?)

The collection of books, and book exchange programs are very good. The library service that I find most useful is the availability of computers for e-mailing and researching the internet.

I am retired military living in Washington DC Metro area where fabulous MWR facilities are available both on and off post. Getting to the installation, while only a 20 minute drive, turns into too much of a hassle to do much activity there so I concentrate my MWR activities off post where there is more than adequate choice of high end activities (clubs, dining, theater, golf, hiking, etc.). However, MWR activities for soldiers are vital to the health of the installation and the taking care of families that the Army claims to do. Whatever active Army families prefer is the way I would fix the MWR system to respond. Active duty usage is most critical since retired soldiers tend to take over the club systems and run the activity to their own benefit.

One example; golf courses require significant maintenance and the greens keeper can tell you how much it costs to upkeep per round of golf. Retirees love to get in charge of the golf board - set the rules to their advantage because they have the time to be involved - and then try to get as many rounds of golf for the least amount of money as they can negotiate for a fixed fee. It all sounds OK until you call the greens keeper and ask how much it costs per round to maintain the course. Active duty by rank and retirees by rank often pay the same rates but the retiree plays or attempts to play daily while the active duty guys can only manage once or maybe twice a week. Hope it's different now.

This a poor questionnaire for Retirees.

I do use services at other posts in area (Belvoir, Meade, APG) a few times a year for golf and other recreation - picnics etc.

The ACS/MWR services are very important to the soldiers and their families living on or near Post.

With the Army's transformation to 6 month rotations while families remain on post, the MWR functions will be more important than ever for the families.

As a self-employed Army retiree in the Washington DC area, I find my work and pleasure activities concentrated at home. And, in the traffic of Northern Virginia it simply is not convenient to access installation resources at Fort Myer or Fort Belvoir. However, as an active duty officer I regarded MWR as a valuable investment in the lives of my soldiers, especially single soldiers and young families living on post. I think the priority and focus should be on caring for them. Hence, golf, which may be a big draw for the retiree community, is less important in my view than sports-recreation and entertainment resources for on-post, younger families and troops. Especially at this time of high optempo. Thanks for all you do for them!

FOR FT BELVOIR AND FT MYER: THE WOOD SHOPS WERE GREAT 10+ YEARS AGO BUT AREN'T ANYMORE... TOO BAD, THEY WERE A BIG LOSS!! FT BELVOIR HAD A GREAT SKEET RANGE... ANOTHER BIG LOSS. FT BELVOIR'S MARINA NEEDS RENOVATION AND NEW EQUIPMENT FOR RENT. FT BELVOIR HAD A FIRST-CLASS, FULL-TIME PIZZA PARLOR IN THE SOSA CENTER... ANOTHER MAJOR LOSS!

SOLUTIONS:

1. BUILD, STOCK AND MAN FIRST CLASS WOOD SHOPS AT BOTH FT'S BELVOIR AND FT MYER;
2. BUILD A SKEET RANGE AT FT BELVOIR;
3. UPGRADE THE FT BELVOIR MARINA AND ADD LAUNCHING RAMPS ON THE FORT'S SIDE OF POHICK BAY;
4. ADD SKILL TRAINING FOR LEADED GLASS AND SIMILAR CLASSES AT THE CRAFT SHOPS;
5. DUMP THE COMMERCIAL PIZZA SHOPS AT THE PX's AND BRING BACK THE MADE-TO-ORDER, FULL TIME PIZZA PARLOR. (THE EXISTING PIZZA PX SHOPS ARE JUST AWFUL WITH THEIR OLD HEATED PIZZA!!!!)

I've moved to NV

Overall Comment

I lived in VA for five years and visited my wife there for two while she completed Government service. In Aug 2004 we permanently relocated to Las Vegas Nevada. My MWR use is currently at Nellis Air Force Base. I tried to rate Fort Myer as best as I could remember and based my response of how MWR makes me feel about the Service consideration of my worth on the use I make of Nellis AFB facilities. Hope the response is of some use to you in the survey. AAFES and MWR are important to retirees. It keeps faith with the promises made when we signed up. Unlike a lot of medical and the now non existant dental benefits.

We are proud of our service and MWR and AAFES make us feel as if we are still part of the family. Incidentally, my wife and I are visiting my step son and family at SHAPE over Christmas. We will be doing a ski week at Garmish. As you can see, I am already looking forward to enjoying it. Keep up your good work, you mean a lot to a lot of current and former Service people.

The Graves Fitness center at Fort Belvoir needs to be opened at least 30 minutes earlier. Numerous participants who line-up in the morning constantly complain that the facility does not open early enough for them to work out as long as they need and still get to work on time. I have used this facility for many years and the center not opening early enough has been a constant complaint. THE ANSWER BY MANY HAS BEEN THAT WE HAVE TRIED FOR YEARS TO GET MWR OFFICIALS TO OPEN THE CENTER EARLIER, BUT NOTHING HAS EVER BEEN DONE. I guess we will continue to make that response.

MWR services are essential but declining. The best facilities are the craft shops and they are in poor repair. Woodworking, framing, and auto shops afford soldiers a chance to do these things without the expense and weight burden of owning their own tools.

In addition - there are NO services directed toward shooters. Almost every soldier owns a gun, yet there are no trap, skeet, rifle, and pistol ranges for common use at ANY Army facility anymore. The PX does not sell guns and ammo. This is incomprehensible; the Army is an organization that depends on marksmanship. I go to Quantico to shoot & buy guns; the Marines still understand the importance of shooting skills. Open a trap, skeet, and pistol/rifle range, and sell guns in the PX.

Hunters are also widely ignored. Where are the Rod & Gun clubs, hunting trips, support for hunting? Many soldiers come from rural backgrounds where hunting is a way of life, yet there are virtually no programs or clubs on Post anymore that support it. The Army has a "political correctness" problem with guns - solve it.

This was a difficult survey for me for the primary reason being that I lived off post for such a long time and now my children are grown up. The key to someone like myself is to ask us how important these activities are for the active military members. During my career in the military the overall MWR activities were very important to my family especially my children. As an avid golfer I felt the availability of tee times was very restrictive and spent way too long waiting to get out on a course. I was a member at Ft. Belvoir for a season and could only get a reasonable tee time about a dozen times throughout the whole year. That is the reason I joined off post facilities.

Being so close to the bay, a fishing charter would be great for parents and children. You may offer it but I was not aware of this. I would have really enjoyed the ability to go out to sea a couple of times.

First, based on my zip code, the survey assumes I use Ft. Myer, VA; I don't - I use Ft Belvoir, VA. The extent of my use of facilities is PX, commissary, gas station, pharmacy, golf course. I veery much like the PX, commissary, gas station, and pharmacy. I do not like the golf course. I don't like it because it is an unfriendly place prone to telling me why I can't play rather than accommodating my desire to play. When I was on active duty in the 80's and early 90's, the Ft Belvoir Golf Facility catered to a core group of retirees. When I retired, rules changed and gave priority to active duty.

Recommend that the Army Leisure Needs Survey identify which installations the individual uses, the activities they use there, and why. Believe the survey as written may not accurately collect the usage of Army MWR facilities.

I am retired Army and live more than 30 minutes from the Fort Myer Military Community (FMMC) installations, which this survey seem to be oriented to, and my normal activities do not take me near FMMC, which I retired from. I am live closer to Fort Belvoir and use that installation more, especially their MWR marina to launch my boat to water ski 4+ times a month, use the PX, barber shop, and food services when I am down there.

Additionally, I use MWR services at the Quantico Marine Base, as it has the only Flying Club in the area. I use the Quantico (MWR) Flying Club services greater than 4+ times a month.

After I retired in 1990, I kept my membership at the Ft. McNair Officers Club and was glad to pay monthly dues, though I almost never used the O Club (there or anywhere else).

Occasionally I was late with monthly dues payments, but I was glad to make it up and pay whatever the interest charge was. However, at some point, I started getting a \$10 charge per month (in addition to interest) for any late payment. So I resigned my membership.

If I could renew my membership without encountering the penalty as well as interest for a late payment, I'd be glad to.

We travel, we use our computers several hours each day, including exctesive use of the internet. We are able to take care of our entertainment needs without depending on the military to provide it for us.

I feel strongly that you should be supportive of the spouses left at home while their spouse serves overseas, especially in the unnecessary IRAQ war. When spouses are here at home they should be able to provide for themselves and their famalies. Here in the states a military life is not much different from a civilian career. If adequately educated they should not depend on the miitary to help them raise their famalies. We are not talking about a bunch of little kids. These are adults.

Recently, we have not needed many of the services currently offered because our children are older and have other activities that they are involved in outside of the Army community. However, we are in the process of adopting a young child and anticipate needing many of the services in the future that would apply to a young child. I answered questions that applied to what I need and use now with my older children however, the survey did not really allow me to address future needs for services for a specific age range in the future (i.e. infant/toddler).

This was not covered in your survey, but we have used the Red Cross volunteer activities with both of our older children and this has been extremely beneficial for our children's moral development. The Red Cross has offered them the opportunity to volunteer at the on-post Vet Clinic, on-post Library, and on-post Hospital. We would also like to see an MWR program offering children the opportunity to volunteer services within the local (on and off-post) community to allow them to do volunteer work for such organizations as habitat for humanity, clothes closets, food drives, yard work for elderly/retired military, etc.).

Love the NCO swimming pool at Ft Myer. The facilities are great and the staff is top notch. The bowling center is super cool too. Please design more after school programs for elementary school children and during summer months and weekends as well. I go to Ft. Myer every weekend and the benefits of its programs are immense to me. Hopefully, the programs will be better advertised and better suited for families of younger children. Ft. Meade has a great ceramics program on Saturday mornings. Could we bring it to Ft. Myer as well? or perhaps deisgn their own craft or sports activity for Saturday mornings?
Thanks for taking the time to read my comments!

There seems to be a lot of MWR activities out there, but I really do not know about them. I am not sure how to find out about all that is offered.

It would be nice if a newsletter could go out to people who live off-post regarding events and activities. It would also be great if the local community could give discounts for when we can't get to post. My spouse wasn't deployed, but traveled a lot. I have never been inside of a club. I would like to go on a picnic, horseback riding, to a spa, ice skating, racquetball, etc... I would like to receive discount coupons for things other than the food court and AAEFS.

ACS needs to do better in helping us find jobs. I have been out of work since Feb. 2004.

I would like to go to concerts and have some form of entertainment, but never hear about anything. I have tried to call the USO hotline, but they hardly ever have anything good.

Since our family lives off-post, I feel that the MWR services are not as valuable to us as to those ARMY families on-post. However, I do feel that ARMY families need to have those services available to them as critical modes of daily living.

Because of the unique situation of being based in the DC metropolitan area, we are close in distance to Ft. Belvoir, yet about an hour drive away. I have used MWR services at previous installations on a very regular basis, but now am using off post facilities for most services, mostly out of convenience. I completely support the role and need for MWR in the military family's life. When we are reassigned to more standard installation, we will definitely take advantage of all that is offered.

I am not dissatisfied with any MWR services offered on Ft Myer. Given my age, my children's ages, the fact that we live off post, and the nature of a "military unit" in the DC area, I have not needed most of the services offered at Fort Myer. However, I have used many such services in the past at other installations and appreciate their value. Moreover, I do make the trip to Ft Myer 2-3 times per week to use the fitness center. I am very happy with this particular service. The weight equipment and aerobic machines are more than adequate, and the facility is kept very clean!

I would like to see nature walks added to Fort Belvoir and all military installations. They would create a place where you could enjoy the flora and fauna that are often abundant on military installations.

Also, I would appreciate it if MWR services were mentioned more frequently in the on-post newspapers, The Eagle in particular. Often, an event will be announced in the Thursday publication for the following day/weekend. This is often not enough time to plan to take part in an event.

Finally, ITR is a WONDERFUL, as are the different military lodging and recreation facilities are around the world. In the past nine years, I have visited all but one of the ARFC hotels, plus many of the Army, Navy and Air Force Inns. By being able to stay on a military installation, my husband and I have been able to afford a lot of enjoyable vacations! In many cases, the ONLY reason that we went to a particular area was because we knew we could stay on post. They are safe, affordable, clean, and the staff is always pleasant and helpful--no matter where we stay! Being able to enjoy the benefits of military travel is one of the key reasons that we remain an Army family.

Because we do not live on post, we do not use any of the services that the MWR offers. It is too much trouble getting there and we do not feel that we are really part of the post since we do not live there.

Living in DC is unique -- Fort Belvoir is the primary post we use, not Fort Myer. However, since it is 30 minutes away, using it for MWR is problematic in that it takes more time to get there than the benefit.

What we need is a better way to access MWR stuff away from posts, much like we now have in Fairfax County for the TRICARE Clinics -- If these satellite offices are busy, is there not a business opportunity to branch MWR away from post and charge for it?

I think they could improve vastly on the food options on Fort Myer. The fast food variety is not that great and sometimes the eating areas are poorly cleaned. The personnel need customer service training at the bowling alley food area and the service there is slow and also could be cleaner.

Would be great to see a base theater or a base golf course. Also ITT tickets are diverted to Henderson Hall and is not convenient to use for picking up tickets.

Please note- this survey was sent to our home on fort belvoir and yet the entire thing was about forts myer and mcnair. the first two pages of this are totally invalid and the later questions I answered as though they were about fort belvoir. I guess this makes the whole thing useless for research. Needless to say , I don't have much confidence in your outcomes when you can actually see the address and zip code and yet,still send the wrong survey. There is no contact info given us to contact you for correction, and I resent how much time I just wasted. I also resent the money spent on this project, and wonder how many other people found the same issue and just didn't bother to respond. Feel free to contact me: Dr. Hadassah Aaronson 5481 Jadwin Loop, Ft. Belvoir, VA 22060

The main MWR activity I have experience with is the youth sports. I think they do a great job and offer a lot for my children, but it cost a lot of money to participate. A lot of families I know including mine do not participate as often as we would like because it cost too much. Usually \$70.00 for 1 child and the program is only about 8-10 weeks long. Can you imagine what it would cost our family a year for all 3 school age children to participate in spring summer and fall sports????More than a membership to the officers club which we also do not have because it is also way too expensive!

The Fort Myer Officers Club is an embarrassment to the Army. While it looks nice from the outside, on the inside the carpet, furnishings, wall treatments, and decorations are cheap, tacky, and ugly. The service is dreadful, the lighting is institutional, and the electronic events board in the entrance belongs in a bowling alley, not the officers' club in the nation's capital. What a travesty. I cannot believe the general officers of the army would allow the club to look like that, even for a minute. The Fort Myer Commissary has made some improvements under a new manager, but he still needs to be given the power to terminate the employment of everyone who works in the deli - those people are rude to soldiers, veterans, and especially to the spouses - they should not be given guaranteed employment, there are plenty of customer-service oriented people looking for jobs.
